

OASIS

The Luxury shorlet

Everyday Luxury

A Sanctuary for Success

Oasis is more than a residential development it is a meticulously planned ecosystem designed to solve the "cultural tension" of modern African urban living. While others build houses, we have engineered a neighborhood that nurtures.

Located at the intersection of convenience and serenity, Oasis is the physical manifestation of our "More Than Buildings" philosophy. It is a vibrant sanctuary featuring:

▪ **Integrated Social Infrastructure:**

On-site clinics and schools that ensure your family's well-being and future are never more than a few steps away.

▪ **Forefront Gardens:**

Dedicated green spaces designed to foster social bonds and mental clarity.

▪ **The Forefront Hub:**

A digital-first community management platform that connects you to your neighbors and essential services at the touch of a button.

Why Invest

Investing in Oasis isn't just a real estate play; it's an investment in a new standard of African development. We offer a unique value proposition that protects both your capital and your quality of life.

The People's Developer Advantage:

By positioning ourselves as the leaders in community-first development, we drive long-term property appreciation through high demand and resident retention.

Equity & Accessibility:

Through our innovative Rent-to-Own schemes and microfinance partnerships, we are lowering the barrier to entry, ensuring a diverse, stable, and thriving middle-class community.

Sustainable Growth:

Our focus on social equity and community mentorship (The Forefront Neighbors Program) ensures that the value of your neighborhood grows as the people within it flourish.

Safety as a Standard:

We address the market's deepest truth—the need for security—by integrating advanced safety protocols into the very fabric of the estate's layout.

About the Company: Forefront Development

At Forefront, we believe that real development goes beyond buildings. True progress is when communities thrive, dreams are nurtured, and neighborhoods flourish.

Our Vision:

To create livable, vibrant neighborhoods where everyone thrives and dreams are built.

Our Mission:

To redefine development in Africa by putting people first. We don't just build structures; we build the bonds and opportunities that nurture people for generations. We are committed to:

- Safe Neighborhoods
- Affordable Homes
- Thriving Communities
- Sustainable Growth

We are The People's Developer. We don't just change where you live; we transform how you live.

Forefront Development: Building Communities, Enabling Dreams.
